

Machine Tool Fitter

The Company: Wickman Coventry Ltd is an OEM Machine tool, design and manufacturing, organisation, now in its 95th year. We produce our specialised range Multi-spindle CNC and automatic lathes from our Coventry factory. This is an excellent opportunity to join a dynamic, ambitious and technology lead company with a diverse range of work on offer to a bright, enthusiastic individual.

The Job:

- Stripping down machines and identifying worn and unserviceable parts.
- Fitting & assembling assemblies and carrying out alignment tests and checks.
- Fitting mechanical, pneumatic and hydraulic systems.
- Test cutting & function testing of the machines.
- Fault finding and repairing.

The Ideal Candidate will:

- Be apprenticeship served or other formal training, preferably in machine tool, machinery or heavy equipment fitting.
- Be able to understand and work to engineering drawings.
- Have a positive attitude and a demonstrable willingness to learn.
- Be confident having the ability to work using your own initiative.
- Be able to work towards deadlines and prioritise workload effectively.

He/she will have:

- Hand fitting skills such as tight tolerance scraping, drilling, hand tapping, filing, and sawing.
- Machine shop skills including turning, milling, drilling & grinding.
- Marking out and measuring skills.
- A thorough understanding on how to use handheld measuring equipment such as Micrometers, Vernier Calipers, Height Gauges, Slip Gauges and DTI's and to understand both imperial and Metric measurements.
- Experience in working on heavy/complex machinery.
- The ability to lift and move parts for assembly up to 25 kilos.
- It is essential that the applicant holds a full driving licence (clean) and is physically fit.

Other Useful Skills & Qualifications would be:

- Experience in using an overhead crane.
- Forklift truck driving licence.

The main Benefits:

- Salary based on skills & experience.
- Overtime opportunities (overtime is paid at premium rates).
- Company pension scheme.

To be considered for this opportunity please send your CV to c.coyne@wickman.co.uk If you have not been contacted regarding your application within 7 days please assume that you have not been successful. We will, however, retain your application for any future roles for which you may be suitable.
